This image shows a blank ledger page. It features horizontal ruling lines across the page. There are several vertical lines that create columns of different widths. From left to right, there is a narrow column, a wider column, a very narrow column, a wide central column, another narrow column, and a final narrow column on the right. The lines are printed in a light color, and the paper has a slightly aged, off-white appearance.

This image shows a blank ledger page with a grid of columns and rows. The page is divided into several vertical sections by red and blue lines. The leftmost section is the widest, followed by a narrow section, then a wide section, a narrow section, a wide section, a narrow section, and a final wide section on the right. The grid is composed of light gray lines on a cream-colored background.
